School closed last Friday and pupils received their grade cards Monday af-ternoon. The epidemic of measles broke the record attendance of this year, completely demoralizing the work of the last week. At least 25 pupils were absent from the final tests, and what was even more to be regretted, in most cases this was the only absence in their record for the year. A large number of children in year. A large number of children in the first four grades also had this experience. The following pupils are proud of the perfect score they made, having been neither absent nor tardy during the year, and to them we offer congratulations: Marcus Halt, high school; Donald Smith, Helen Stecher, Labe Wing Grandlen Davis, Hazel John King, Gwendolen Davis, Hazel Barton, Donald Rowan, Helen Eyster,

CELEBRATED GOLDEN WEDDING IN CANFIELD 44 YEARS AGO

The Golden Wedding of Hon. E. Newton and Wife. Large Gathering of Young Old Boys and Girls. Autobiographical Address by Judge Newton.

[The following account of the cele-bration of the 50th anniversary of Judge and Mrs. Eben Newton, fore-most citizens of Canfield in their day, is reprinted from The Mahoning Valley News, then published by Rev. W. S. Peterson, and embraces much of historical interest.—Ed.]

The event of the week in Canfield is the golden wedding of Judge Eben Newton and wife, which took place on Tuesday evening, May 2nd. in the evening about one hundred per sons assembled in the old family mansion, and received an old-time welcome from the Judge and his lady. No useless formalities were observed, but everything was done to make the occacion one of social enjoyment, Many of our oldest ctilzens were present, and they entered most heartily into the spirit of the occasion, and lived over again, in memory and conversation, the good old times of fifty years ago. Many of the reminiscences thus brought forth would be well worth printing, but our limited time and space make it necessary to make only

After the address by Judge Newton, and prayer by Rev. J. P. Irwin, a rich

and abundant collation was served. There were many fine presents, givon by old-time friends as a token of the high esteem in which they were held by them, among which we noticed rare and valuable gold coin, ranging in value from twenty dollars down to one. Also an elegant shawl-pin, set in pearls; a pair of silver goblets, gold lined; gold tooth pick, gold thimble and pen, and many other presents too numerous to mention. The floral offerings were peculiarly fine and rare, and very tastefully arranged, and donated by Mrs. Coffee; also a fine bouquet by Mrs. Boughton, of Burton. We take great pleasure in present-

ing to our readers a full report of Judge Newton's Address. At the end of any relationship of fifty years it is well to call a halt and per cent.

After a pilgrimage that bore some resemblance to the journey of the children of Israel, we reached Buffalo, soon after it was burned, and remained there awhile for the ice to break in the lake. We picked up an old (boat that had been abandoned, and rigged it up, and loaded the axes and started. Shunning the ice as well as we could, with all kinds of perils, we at length reached Ohio, landed at Ashtabula, and I walked to Hudson in

greater. And now near the close of life I look back and see but very little accomplished-nothing worth relating. should have no lands, debts or business to embarrass me, but be ready at any time to settle all accounts with God and man.

And to all professional men I would say: Set your mark high; and, in the language of another, there is always room enough at the top. Avoid all en tanglements with other things and with business and learn something new every day.

As to my children, I would say keep a clean bill of health, keep out of debt, love the Sabbath, love God, love your neighbors, strive to elevate the moral standard of the community, and there

by improve your own. As to neighbors and friends, I would say our moral standard is too low. The Sabbath is descrated, intemperance is permitted and encouraged churches deserted, our families and homes neglected, lounging encouraged. If it was otherwise our property would be worth more, our taxes and exactions less, pauperism diminished, vio-lations of law and order less frequent and family suffering less.
